## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
Jewish Federation of San Diego County  
San Diego, California

We have audited the accompanying financial statements of Jewish Federation of San Diego County (a not-for-profit organization), which comprise the statements of financial position as of June 30, 2020 and 2019, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Jewish Federation of San Diego County as of June 30, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## NOTES TO FINANCIAL STATEMENTS

---

### Note 1. Organization and Nature of Activities

Organization: Jewish Federation of San Diego County (“Federation”) is a California not-for-profit organization formed in 1936 and is one of 146 Jewish Federations in North America. Supported by thousands of generous donors and volunteers, Federation is dedicated to building a vibrant, caring, connected, and enduring Jewish community.

Federation broadens and deepens engagement in Jewish life to strengthen Jewish identity, foster dynamic connections with Israel, and care for all Jews in need. Federation carries out this mission by mobilizing resources, leaders, and organizations to address the community’s most critical needs, creating profound impact locally, in Israel, and around the world.

Guided by Jewish values and quest to be the “Most Welcoming Jewish Community in North America,” Federation focuses on these following mission-driven initiatives:

- **Teens**: Inspires Jewish high school teens to pursue their own Jewish journey locally and in Israel through social, educational, cultural and community service programs, Israel travel incentives, and enhancing the engagement capacity of local organization professionals and volunteers.
- **NextGen**: Connects Jewish young adults to all things young and Jewish, and helps native San Diegans and newcomers find meaning and build relationships in all facets of life, from professional to religious, to cultural and communal.
- **Aging in Community**: Provides effective, scalable and sustainable services to enable Jewish older adults to live safely and comfortably in their own homes and communities for as long as possible.
- **Young Families**: Encourages Jews who are new residents in the area or members of interfaith households with young children to find their own meaningful place amongst the synagogues and communal organizations in the San Diego Jewish community.
- **Israel**: Deepens the connections between the San Diego Jewish community and Israel through people-to-people exchanges, travel, the rewarding two-decade partnership with the Sha’ar HaNegev region, and increasing support for Federation’s global partners to care for Jews in need in Israel and around the world.

### Note 2. Summary of Significant Accounting Policies and Other Information

Accounting Principles: Federation’s financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Adopted Accounting Pronouncements: Federation has implemented all applicable accounting pronouncements within the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) that are in effect as of June 30, 2020 and 2019, including the accounting pronouncements discussed below.

On November 17, 2016, the FASB issued Accounting Standards Update (“ASU”) 2016-18, *Statement of Cash Flows (Topic 230)*. This ASU is effective for periods beginning after December 15, 2018. The updates require that restricted cash and cash equivalents be presented in total cash and cash equivalents in the statement of cash flows, and the nature of restrictions on restricted cash and cash equivalents be disclosed. This ASU has been applied retrospectively to all periods presented.

### NOTES TO FINANCIAL STATEMENTS

---

#### **Note 2. Summary of Significant Accounting Policies and Other Information (Continued)**

On June 21, 2018, FASB issued ASU 2018-08, *Not-for-Profit Entities (Topic 958): Clarifying the Scope of the Accounting Guidance for Contributions Received and Contributions Made*. This ASU is effective for periods beginning after December 15, 2018. The update assists entities in (1) evaluating whether transactions should be accounted for as contributions (nonreciprocal) or as exchange (reciprocal) transactions subject to other guidance and (2) determining whether a contribution is conditional. This ASU has been applied retrospectively to all periods presented. No impact on the changes in net assets resulted from the adoption of this ASU.

Federation does not believe there are any other new ASU's issued by the FASB that might have a material impact on its financial position or results of activities.

Fair Value of Financial Instruments: Federation's financial instruments consist principally of cash, restricted cash, investments, pledges receivable, note receivable, other current assets, beneficial interest in assets held by others, accounts payable and accrued expenses, loan payable, and grants payable. The fair value of a financial instrument is the amount that would be received in an asset sale or paid to transfer a liability in an orderly transaction between unaffiliated market participants. Assets and liabilities measured at fair value are categorized based on whether the inputs are observable in the market and the degree that the inputs are observable.

Investments: Federation maintains its investments at the Jewish Community Foundation ("JCF") in investment pools. Federation reports its investments in these pools at fair value based on the underlying assets as reported by the fund manager. Investment income, including realized and unrealized gains and losses from these investment pools, are reported in the statements of activities.

Pledges Receivable: Pledges receivable represent a donor's promise to give to Federation and are reported at the amount Federation expects to collect from outstanding balances. Management determines the reserve for uncollectible pledges by specific identification of delinquent accounts, history of collections, past write-offs, and estimated uncollectible balances. Pledges receivable are written off when deemed uncollectible. The balance at year-end reflects pledges due from donors and is expected to be fully collected within one year. In accordance with FASB ASC 950-605-45-5, *Other Presentations Matters – Contributions Received*, pledges receivable are considered to be without donor restrictions as Federation's donors have specified that their pledges are to be used to support activities of the 2020 and 2019 campaign years or years ended June 30, 2020 or 2019, respectively. Pledges without donor restrictions that are expected to be collected in future years are recorded at the net present value of estimated future cash receipts. Pledges receivable are discounted using a risk adjusted rate of return. Conditional pledges are not reported as income until the conditions are substantially met. Pledges receivable are stated net of a reserve for uncollectible pledges of \$120,113 and \$68,777 as of June 30, 2020 and 2019, respectively.

Beneficial Interest in Assets Held by Others: FASB ASC 958, *Not-for-Profit Entities*, requires a specified beneficiary to recognize its right to the assets held by a recipient entity as an asset unless the recipient entity has variance power. Federation is named as the sole beneficiary of an endowment fund held at the JCF. Federation reports this fund as a beneficial interest in assets held by others in the statements of financial position. Annual fair value remeasurements to the beneficial interest are reported as increases or decreases in the statements of financial position and as a change in value of beneficial interests within contribution income in the statements of activities (see Note 5).

**JEWISH FEDERATION OF SAN DIEGO COUNTY**

**NOTES TO FINANCIAL STATEMENTS**

---

**Note 2. Summary of Significant Accounting Policies and Other Information (Continued)**

Fixed Assets and Depreciation: Federation capitalizes all expenditures in excess of \$1,000 for property and equipment at cost, while donations of property and equipment are recorded at their estimated fair values. Such donations are reported as unrestricted support unless the donor has restricted the donated assets to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted support. Absent donor stipulations regarding how long these donated assets must be maintained, Federation reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. Federation reclassifies net assets with donor restrictions to net assets without donor restrictions at that time.

Property and equipment are depreciated using the straight-line method over the estimated useful asset lives as follows:

<u>Description</u>	<u>Useful Life</u>
Leasehold improvements	5-15 years or the lease term
Computer hardware and software	3-10 years
Office furniture and equipment	3-5 years

Maintenance and repairs are charged to expense as incurred. Upon sale or disposition of land, buildings or equipment, the asset account is reduced by the cost and the accumulated depreciation account is reduced by the depreciation taken prior to the sale. Any resulting gains or losses are then recorded in the statements of activities.

Loans Payable: Loans payable are recorded in the financial statements on the date the loan is signed and contractual obligation exists. If applicable, accrued interest payable is recorded in the financial statements according to the terms of the agreement.

Grants Payable: Federation provides grants to partner agencies to support and strengthen Jewish life locally and globally. All grants are approved by the Board of Directors ("Board"). Grant expenditures are recognized in the period in which the grant is approved and communicated, provided the grant is not subject to significant future conditions. Conditional grants are recognized as grant expense and grants payable in the period in which the grantee meets the terms of the conditions. Grants payable that are expected to be paid in future years are recorded at the net present value of expected future payments discounted using a risk adjusted rate at each grant date for a commensurate period. At June 30, 2020, \$3,056,879 and \$150,000 of the grants payable balance is expected to be paid during 2021 and 2022, respectively. The entire grants payable balance at June 30, 2019 was paid during 2020.

Compensated Absences: Vested and accumulated vacation is recorded as an expense and liability as benefits accrue to employees. The accrued vacation liability totaled \$111,147 and \$103,050 at June 30, 2020 and 2019, respectively, and is included in accounts payable and accrued expenses in the statements of financial position.

Net Assets: Federation reports information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

*Net assets without donor restrictions:* Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of Federation. These net assets may be used at the discretion of Federation's management and the Board.

# JEWISH FEDERATION OF SAN DIEGO COUNTY

## NOTES TO FINANCIAL STATEMENTS

### Note 2. Summary of Significant Accounting Policies and Other Information (Continued)

Net Assets (Continued): Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of Federation or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity. As of June 30, 2020 and 2019, Federation had net assets with donor restrictions of \$12,035,636 and \$12,100,361, respectively.

ASB has issued reporting standards for endowments of not-for-profit organizations subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act ("UPMIFA"), and enhanced disclosures for all endowment funds. The standards provide guidance on classifying the net assets associated with donor-restricted endowment funds held by organizations that are subject to an enacted version of UPMIFA, which serves as a model act for states to modernize their laws governing donor-restricted endowment funds.

The standards also require additional disclosures about endowments (both donor-restricted funds and board-designated funds) to enable users of financial statements to understand the net asset classification, net composition, changes in net asset composition, spending policies, and related investment policies of its endowment funds (see Note 13).

Contributions: Contributions are recognized when the donor makes a promise to give to Federation that is in substance, unconditional. Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions. Contributions to be received in future periods are discounted at a risk-adjusted rate. Amortization of discounts are recorded as additional contribution revenue in accordance with donor-imposed restrictions, if any, on the contributions.

Investments acquired by gift are recorded at fair value on the date of gift. Realized and unrealized gains and losses are included in the change in net assets. Investment income and gains restricted by a donor are reported as increases in net assets without donor restrictions if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized.

The reserve for uncollectible pledges receivable is recognized on the allowance method based on historical experience and management's evaluation of outstanding pledges receivable. The reserve for uncollectible pledges receivable and recoveries and provisions for uncollectible pledges consisted of the following as of and for the years ended June 30:

	2020	2019
Reserve at Beginning of Year	\$ 68,777	\$ 103,093
Provision/net recovery for uncollectible pledges:		
Provision for current year receivables	94,221	89,807
Recoveries of prior year reserved receivables/reduction of reserve	-	(67,323)
Total provision	94,221	22,484
Less: Write-offs of receivables against allowance	(42,885)	(56,800)
<b>Reserve at End of Year</b>	<b>\$ 120,113</b>	<b>\$ 68,777</b>

Bad debt expense recorded in the statements of activities for the years ended June 30, 2020 and 2019 was \$94,221 and \$21,165, respectively.

### Note 2. Summary of Significant Accounting Policies and Other Information (Continued)

Donated Services and Office Facilities: Federation utilized the services of many volunteers throughout the year. This contribution of services by the volunteers is not recognized in the financial statements unless the services received (a) create or enhance nonfinancial assets or (b) require specialized skills which are provided by individuals possessing those skills and would typically need to be purchased if not provided by donation. The donated services for the years ended June 30, 2020 and 2019 did not meet the requirements above, therefore no amounts were recognized in the financial statements.

Functional Expense Allocation: The costs of providing the various programs and other activities have been summarized on a functional basis in the statements of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited based on estimates of management. The expenses that are allocated and their method of allocation include the following:

<u>Expense</u>	<u>Method of Allocation</u>
Contributions and grants	Use of expense
Salaries and benefits	Time and effort
Professional fees	Time and effort and use of expense
Facilities and equipment	Time and effort
Events	Use of expense
Travel and meetings	Use of expense
Other operating costs	Use of expense

Income Taxes: Federation is a public charity and is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and Section 23701(d) of the California Revenue and Taxation Code except for taxes on net unrelated business income. Since Federation has no obligation for unrelated business income tax for the years ended June 30, 2020 and 2019, no provisions for federal or state income taxes have been made.

In accordance with FASB ASC 740, *Accounting for Uncertainty in Income Taxes*, Federation evaluates annually any uncertain tax positions taken or expected to be taken in a tax return by applying a threshold of more likely than not for recognition. Management evaluated its tax positions and determined that it has no uncertain tax positions at June 30, 2020 and 2019. There have been no related tax penalties or interest, which would be classified as tax expense in the statements of activities.

Risks and Uncertainties: Federation invests in various types of investment pools which are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment pools, it is at least reasonably possible that changes in the values of the investment pools will occur in the near term and such changes could materially affect the amounts reported in the statements of financial position.

In March 2020, the World Health Organization declared COVID-19 a pandemic. Given the ongoing and dynamic nature of the virus and the worldwide response related thereto, it is difficult to predict the full impact of COVID-19 on Federation's operations. Management is continuing to evaluate the potential disruptions of COVID-19 to areas of the business including employees, vendors, and Federation's overall financial position.

Use of Estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### Note 2. Summary of Significant Accounting Policies and Other Information (Continued)

Concentrations of Credit Risk: Federation maintains its cash balance at one financial institution which is secured by the Federal Deposit Insurance Corporation (“FDIC”) up to \$250,000. Cash balances in the amounts of \$0 and \$242,176 as of June 30, 2020 and 2019, respectively, were not insured by the FDIC. Federation has not experienced any losses in this account and does not believe it is exposed to any significant credit risk on its cash deposit account.

Evaluation of Subsequent Events: Federation has evaluated subsequent events through the date these financial statements were available to be issued. There were no material subsequent events that required recognition or disclosure in the financial statements.

Reclassification: Certain items in the prior year financial statements have been reclassified to conform to the presentation in the current year financial statements.

#### Note 3. Availability and Liquidity of Financial Assets

The following represents Federation’s financial assets at June 30:

	2020	2019
Financial assets at year-end:		
Cash	\$ 162,181	\$ 442,723
Investments	5,081,142	3,701,859

<b>Financial Assets Available To Meet General Expenditures Over The Next Twelve Months</b>	<b>\$ 6,856,817</b>	<b>\$ 6,440,505</b>

As part of Federation’s liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. At the Board’s discretion, distributions may be made from the Quasi-Endowment to help manage unanticipated liquidity needs, but it is Federation’s intent to retain the Quasi-Endowment (see Note 13). Federation maintains cash and investments without donor restrictions which account for 26.62% and 20.92% of total assets for the years ended June 30, 2020 and 2019, respectively, to help manage unanticipated liquidity needs. Receivables are subject to implied time restrictions but are expected to be collected within one year.

### Note 4. Analysis of Investments

Federation maintains its investments at the JCF. The funds held at the JCF are invested in investment pools. The Short-Term Pool is a cash equivalent pool that seeks principal preservation by investing in certificates of deposit, securities issued or guaranteed by the U.S. government, and other cash equivalents. The Endowment Pool invests in domestic and international equities, fixed income, real assets, and alternative investments consisting of commodities and hedge funds of funds. The Real Property consists of burial plots donated to Federation. Investments consist of the following at June 30:

	2020	2019
Endowment Pool	\$ 2,064,996	\$ 2,259,798
Short-Term Pool	2,927,427	1,392,424
Real Property	88,719	49,637
<b>Total Investments</b>	<b>\$ 5,081,142</b>	<b>\$ 3,701,859</b>

Statements of Financial Position Classifications at June 30:

	2020	2019
Unrestricted Foundations Fund	\$ 2,064,996	\$ 2,259,798
Indigent Burial Fund	102,710	104,061
Operating Fund	2,913,436	1,338,000
<b>Total Investments</b>	<b>\$ 5,081,142</b>	<b>\$ 3,701,859</b>

### Note 5. Beneficial Interest in Assets Held by Others

In 2017, the Board elected to create a permanent endowment fund, a separate legal entity named The Endowment for Federation ("Endowment") to be held at the JCF whereby Federation is the sole beneficiary. The Endowment does not meet the requirements of consolidation under U.S. GAAP, rather upon transfer of funds, Federation recorded a beneficial interest in assets held by others ("Beneficial Interest") for their interest in this Endowment. Federation transferred funds in the amount of \$700,477 and \$50,000 during the years ended June 30, 2020 and 2019, respectively. Federation received distributions from the Beneficial Interest totaling \$604,490 and \$569,221 for the years ended June 30, 2020 and 2019, respectively.

In accordance with U.S. GAAP, Federation remeasures fair value of the Beneficial Interest annually and records the change in fair value within total revenue and support in the statements of activities. Unrealized (loss) gain on the change in fair value of the Beneficial Interest was (\$104,002) and \$419,423 resulting in ending values of \$11,870,757 and \$11,878,772 at June 30, 2020 and 2019, respectively.

#### Note 6. Fair Value Measurements

FASB ASC 820, *Fair Value Measurement*, defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The provisions of FASB ASC 820 establish a fair value hierarchy that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs by requiring that observable inputs be used when available.

The three-level hierarchy for fair value measurements is defined as follows:

Level 1 - quoted prices for identical assets or liabilities in active markets as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 - observable market-based inputs or unobservable inputs that are corroborated by market data. May include quoted prices in a market that is not active.

Level 3 - unobservable inputs that cannot be corroborated by market data. These inputs reflect management's best estimate of fair value using its own assumptions about the assumptions a market participant would use in pricing the asset or liability.

Federation's statements of financial position include the following financial instruments that are required to be measured at fair value on a recurring basis:

- Investments held at JCF in investment pools are considered Level 2 and Level 3 assets and are reported at fair value based on the fair value of the underlying assets in the funds as reported by the fund manager, JCF.
- Beneficial interest in assets held by others is valued at the fair value of the underlying assets and classified within Level 3 as there is no active or inactive market for this type of asset.
- Pledges receivable are valued at the net present value of expected future cash inflows which approximates fair value and are classified within Level 3 as there is no market for these assets.
- Grants payable are valued at the net present value of expected future cash outflows which approximates fair value and are classified within Level 3 as there is no market for these liabilities.

## NOTES TO FINANCIAL STATEMENTS

### Note 7. Pledges Receivable, Net

Pledges receivable are valued at the net present value of expected future cash inflows which approximates fair value. In accordance with FASB ASC 820, *Fair Value Measurement*, pledges receivable due for payment in less than one year are considered short term and not discounted for present value purposes. All pledges receivable were due for payment within one fiscal year after June 30, 2020 and 2019.

Pledges receivable, net of allowance for doubtful accounts, consist of the following at June 30:

<b>Description</b>	<b>2020</b>	<b>2019</b>
Receivables due in less than one year	\$ 1,756,197	\$ 2,241,163
Less: Reserve for uncollectible pledges	(120,113)	(68,777)
<b>Pledges Receivable, Net</b>	<b>\$ 1,636,084</b>	<b>\$ 2,172,386</b>

As of June 30, 2019, Federation had a conditional pledge receivable totaling \$1,581,777 from a major donor to co-fund a multi-faceted Jewish Teen Initiative in San Diego County that was initially pledged in 2015. The pledge is conditioned upon Federation raising 1-to-1 matching from other sources over a five-year period (July 2015 to June 2020). During October 2020, the 1-to-1 matching period was extended through June 2021. During 2019, Federation raised \$373,941 and the balance was matched under this conditional pledge. The 2020 matching funds are recorded as contributions in the statement of activities with no outstanding receivable at June 30, 2020. The balance remaining under this conditional pledge as of June 30, 2020 is \$1,207,836.

### Note 8. Note Receivable

Federation issued a seven-year promissory note for \$147,000 in January 2014 to a related party, UJF Holdings Corp. (“UJF”), for the purpose of completing tenant improvements in the office space occupied by Federation and other Jewish community tenants.

	<b>2020</b>	<b>2019</b>
Promissory note with UJF dated January 1, 2014. Interest payments due in quarterly installments at 1.20% per annum beginning January 1, 2014, matures December 1, 2020. UJF to pay thirty-two payments of \$5,476 each at quarterly intervals on the first day of each quarter beginning April 1, 2014. Payments will be applied to principal and interest.	\$ 16,548	\$ 38,158
Less: Current Portion	(16,548)	(21,905)
<b>Note Receivable, Less Current Portion</b>	<b>\$ -</b>	<b>\$ 16,253</b>

Interest income of \$295 and \$552 was recognized during the years ended June 30, 2020 and 2019, respectively.

## NOTES TO FINANCIAL STATEMENTS

### Note 9. Fixed Assets, Net

Fixed assets, net of accumulated depreciation, consist of the following at June 30:

Description	2020	2019
Leasehold improvements	\$ 359,618	\$ 359,618
Computer hardware and software	261,069	229,238
Office furniture and equipment	158,456	158,456

Less: Accumulated Depreciation	(675,890)	(632,573)
<b>Total Fixed Assets, Net</b>	<b>\$ 103,253</b>	<b>\$ 114,739</b>

Depreciation expense was \$43,317 and \$36,536 for the years ended June 30, 2020 and 2019, respectively.

### Note 10. Loan Payable

During May 2020, Federation received loan proceeds in the amount of \$389,700 under the Paycheck Protection Program (“PPP”). The PPP, established as part of the Coronavirus Aid, Relief and Economic Security Act, provides for loans to qualifying businesses for amounts up to 2.5 times the average monthly payroll expenses of the qualifying business. The loans and accrued interest are forgivable after 8 weeks, or 24 weeks if the alternative covered period is chosen, as long as the borrower uses the loan proceeds for eligible purposes, including payroll, benefits, rent, and utilities, and maintains its payroll levels. The amount of loan forgiveness will be reduced if the borrower terminates employees or reduces salaries during the 8 week or 24 week period.

The unforgiven portion of the PPP loan is payable over two years at an interest rate of 1%, with a deferral of payments for the first six months. Federation intends to use the proceeds for purposes consistent with the PPP. While Federation currently believes that the use of the loan proceeds will meet the conditions for forgiveness of the loan, management cannot assure that it will not take actions that could cause Federation to be ineligible for forgiveness of the loan, in whole or in part.

Principal maturities of loan payable as of June 30, 2020 are as follows:

2021	\$ 113,663
2022	194,850
2023	81,187
Thereafter	-
<b>Total Loan Payable</b>	<b>\$ 389,700</b>

### Note 11. Grants Payable

Federation raised funds as part of the 2014 Israel Emergency Relief Campaign and the remaining balance of the funds raised is shown as grants payable in the amount of \$1,907,500 and \$1,794,949 as of June 30, 2020 and 2019, respectively. Federation intends to make distributions from these funds to support the construction of the Sha’ar HaNegev Sport and Cultural Center. No discount is made on these grants as the time of distribution is uncertain.

<b>Total Net Assets Released from Donor Restrictions</b>	<b>\$ 669,897</b>	<b>\$ 768,652</b>

### Note 13. Endowment Net Assets

As required by U.S. GAAP, net assets associated with endowment funds are classified and reported based on the existence of donor-imposed restrictions. Federation's endowment consists of an individual fund with such restrictions.

Federation has interpreted the enacted version of the UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, Federation classifies as net assets with donor restrictions (1) the original value of gifts donated to the permanent endowment, (2) the original value of subsequent gifts donated to the permanent endowment, (3) accumulations to the permanent endowment made in accordance with the direction of applicable donor gift instrument at the time of the accumulation is added to the fund.

In accordance with UPMIFA, Federation considers the following factors in making a determination to appropriate or accumulate donor restricted endowment funds:

1. The duration and preservation of the fund,
2. The purpose of Federation and the donor-restricted endowment fund,
3. General economic conditions,
4. The possible effect of inflation and deflation,
5. The expected total return from income and the appreciation of investments,
6. Other resources of Federation, and
7. The investment policies of Federation.

### Note 13. Endowment Net Assets (Continued)

From time to time, the fair value of the assets associated with individual donor restricted endowment funds may fall below the level that the donor or UPMIFA requires Federation to retain as a fund of perpetual duration. In accordance with U.S. GAAP, deficiencies of this nature that are reported in net assets without donor restrictions totaled \$0 at June 30, 2020 and 2019.

Federation has adopted investment and spending policies for endowment funds that:

1. Protect the invested asset,
2. Preserve spending capacity of the fund income,
3. Maintain a diversified portfolio of assets that meet investment return objectives while keeping risk at a minimal level, and
4. Comply with applicable laws.

Federation's endowment funds are invested at JCF in the Endowment Pool which is structured for long-term total return.

Federation has a policy of appropriating for distribution each year an amount up to 7% of the fair value of the twelve-quarter rolling average of the assets associated with the endowment as of the quarter prior to the year end. In establishing this policy, Federation considered the long-term expected return on its endowment. Over the long-term, Federation expects the current spending policy to allow the endowment to meet the needs of Federation. This is consistent with Federation's objectives to balance purchasing power of the endowment assets held in perpetuity, provide additional growth through new gifts and investments returns, as well as provide a funding source for investment in Federation programs and services. No distributions were made for the years ended June 30, 2020 and 2019.

In 1998, Federation's Board voted to earmark a portion of net assets without donor restrictions as a Board Restricted – Quasi-Endowment. The earmarked funds are to be invested with earnings available for unrestricted use by Federation.

The Board can elect to end its restriction on these assets and remove the assets from the Quasi-Endowment at any time it chooses. The Board performs an annual analysis of its designated assets in comparison to the assets available for designation to determine if restrictions should be amended.

In 2020, the Board released \$651,558 from the Board Restricted Quasi-Endowment to operations, and transferred \$441,558 for additional funding of the Endowment. In 2019, the Board released \$0 from the Board Restricted Quasi-Endowment to operations, and \$0 for additional funding of the Endowment.

Federation has a beneficial interest in certain endowment funds held by JCF, in which Federation has recorded this asset in the accompanying financial statements as Federation maintains variance power over these funds. JCF's spending policy is to disburse 5% annually, based upon endowment principal market value. If the market value of the endowment principal of any fund, at the end of each month, is less than the initial value of all contributions made to the endowment principal, then distributions will be limited to interest and dividends received. The distributions are used to further Federation's mission. Federation received \$604,490 and \$569,221 in distributions from these funds for the years ended June 30, 2020 and 2019, respectively. The fair value of the beneficial interest in these funds at the JCF totaled \$11,870,757 and \$11,878,772 at June 30, 2020 and 2019, respectively.
